

Environmental Policy Statement

Aventail Security Ltd is committed to leading the industry in minimising the impact of its activities on the environment. Aventail Security Ltd accepts responsibility for the harmful effects its operations have on both the local and global environment and is committed to reducing them.

Key Points that are considered whilst striving to achieve this:

- Minimise waste by evaluating and thoroughly planning all ventures to ensure we undertake them as efficiently as possible.
- Minimise the use of carbon emitting fuels by utilising mass transit and car share where feasible.
- Actively promote recycling both internally and with staff and clients alike.
- Meet and exceed all EU legislation relating to our business function.
- Seek to use an accredited program to offset greenhouse gas emissions created by our operation.

Aventail Security Ltd commits to sourcing realistic delivery methods to achieve this, relating to our business function.

As a company we are committed to review and implement working procedures to, conserve raw materials, reduce pollution and save energy.

We ensure that –

- • When deploying staff we strive to utilise the most efficient means of mass transport or at the least car sharing to reduce carbon emissions.
- • All waste is recycled in our offices.
- • Office cleaners use eco-friendly cleaning products.
- • Bought in paper is of recycled content.
